MEDIUM HOST AT PODIUM

HOST

Remember you at home are a vital part of the judging here at Fly or Pie. Viewers can log onto to flyorpie.com and judge each act as either fly or pie. Our in-studio computers will tabulate your votes, raising each contestant's buzz meter, which increases with each vote of "fly".

(on screen graphic under host depicting website page and address)

If at any point a contestant's buzz sinks below 30%, their performance will come to a creamy end.

(sound of pie splattering)

Our judges also may decide to pie a contestant at any time. Should a contestant complete their performance, each of our judges will award up to 10 buzz points, which will be added to the contestant's on-line buzz percentage. If that total is below fifty, the contestant will be pied. The winner at the end of the show will be the contestant with the highest buzz. Now please welcome our first performer, a singer from New York, NY, Ms. Stefani Germannotta!
